

Chers abonnés,
Ces derniers mois ont été tout simplement spectaculaires!

Depuis notre dernier rapport de performance en novembre 2020, le marché américain a franchi son record et le prix de 1 Bitcoin a franchi 60000 USD ou +77000 CAD par pièce!

La volatilité combinée des actions et de divers actifs de crypto-monnaie a fourni une plateforme spectaculaire pour des rendements incroyables au mois de février 2021 - notre meilleur mois à ce jour.

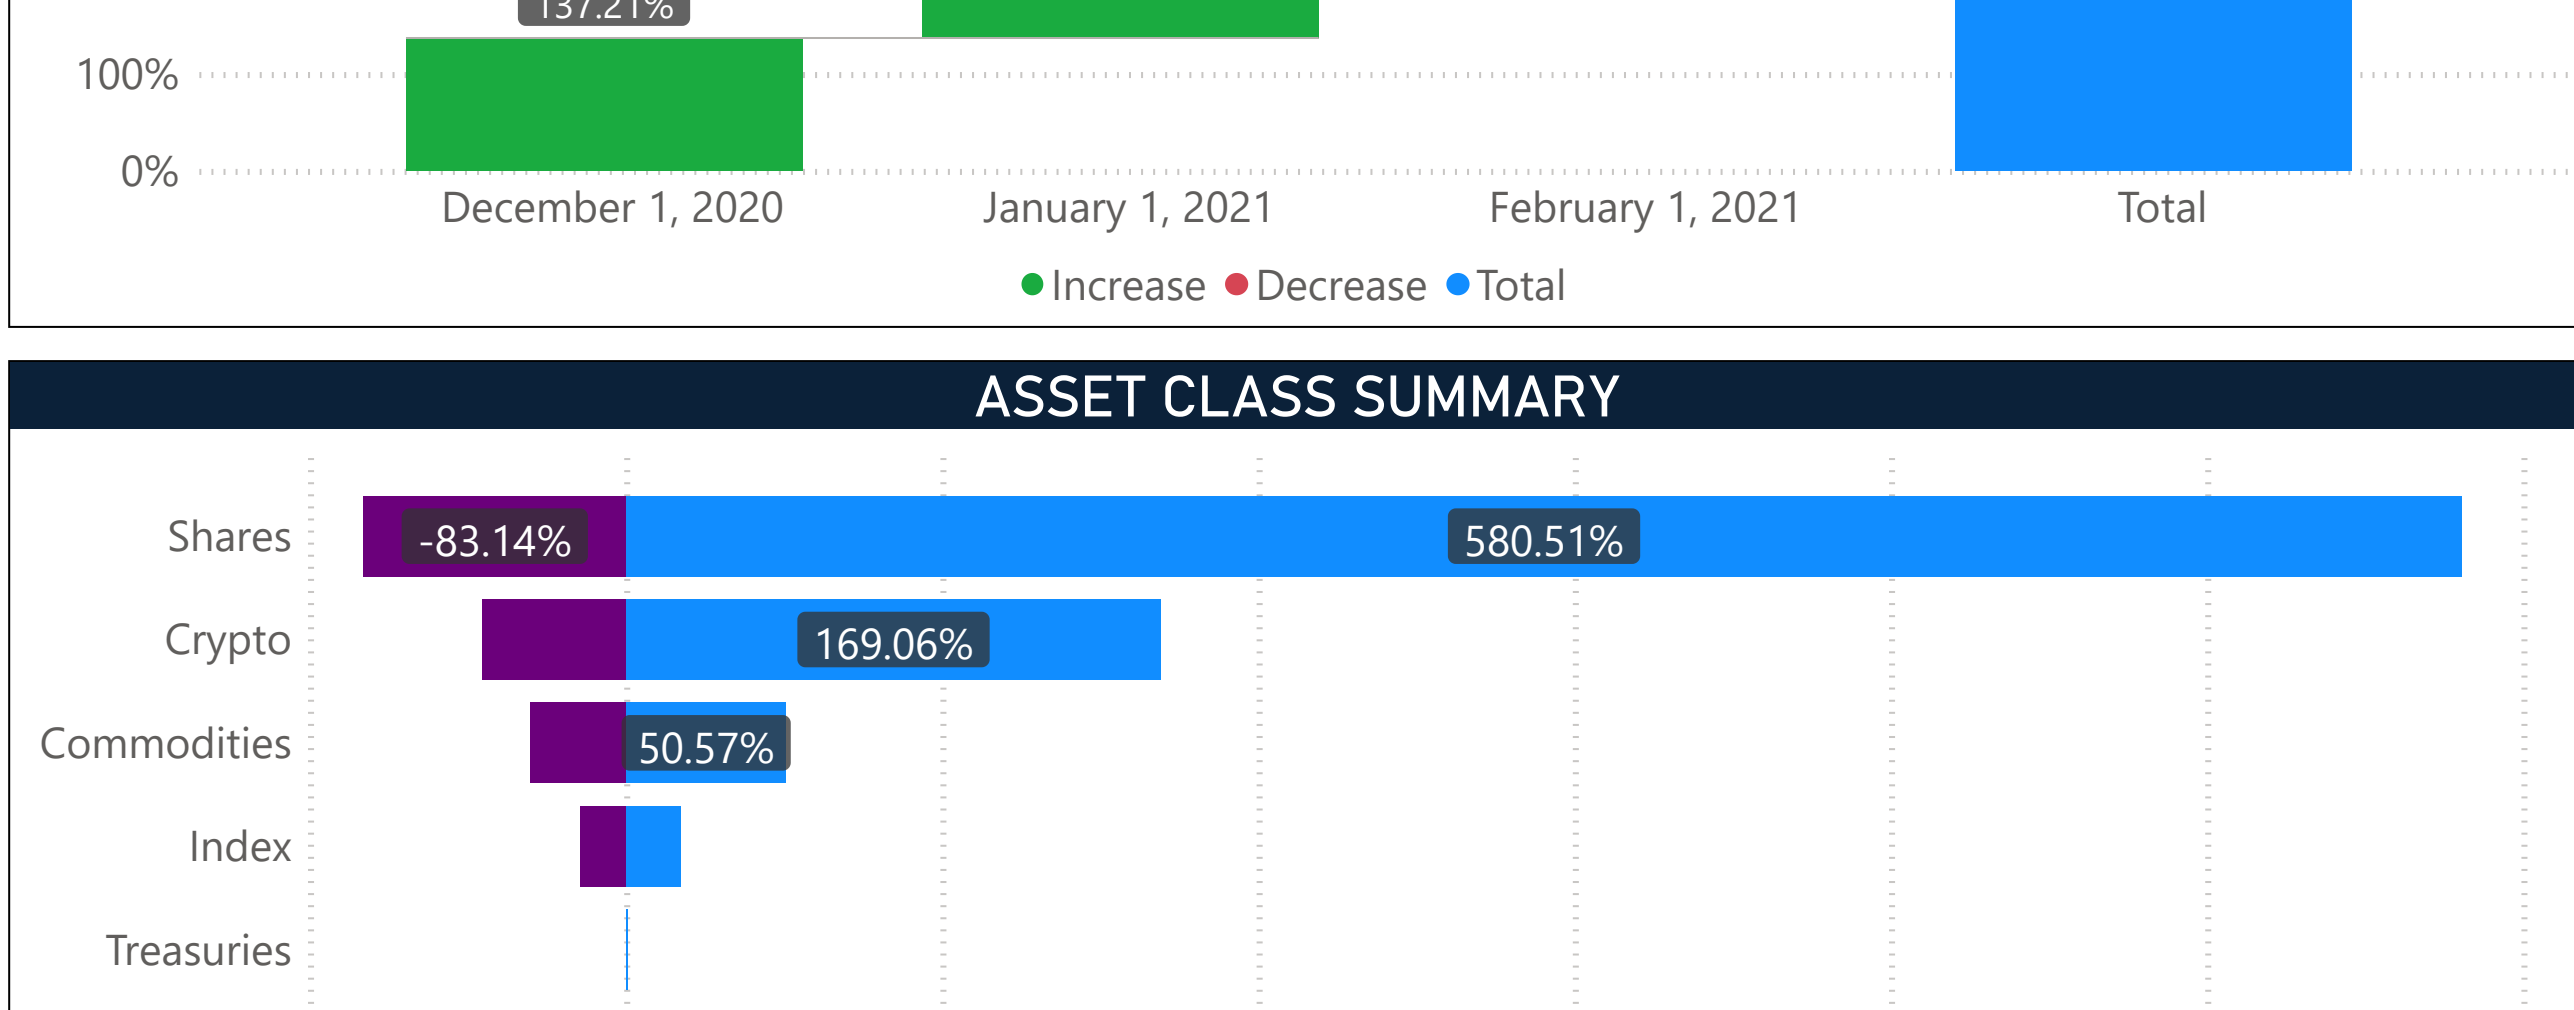

Au cours de cette même période, nous avons publié le cours essentiels sur les cryptos et le feedback a date est tout simplement incroyable. En 3 heures, les étudiants peuvent passer de ne rien savoir sur les crypto-monnaies à négocier activement tout actif crypto qu'ils souhaitent. Le cours enseigne également aux étudiants comment gagner des récompenses de type dividendes très élevées pour simplement détenir des actifs à base crypto.

Notre cercle privé recevra des signaux algorithmiques modifiés via leur groupe de télégrammes privé en mars 2021. Les stratégies ont été considérablement testées et nous prévoyons qu'ils offriront des résultats favorables.

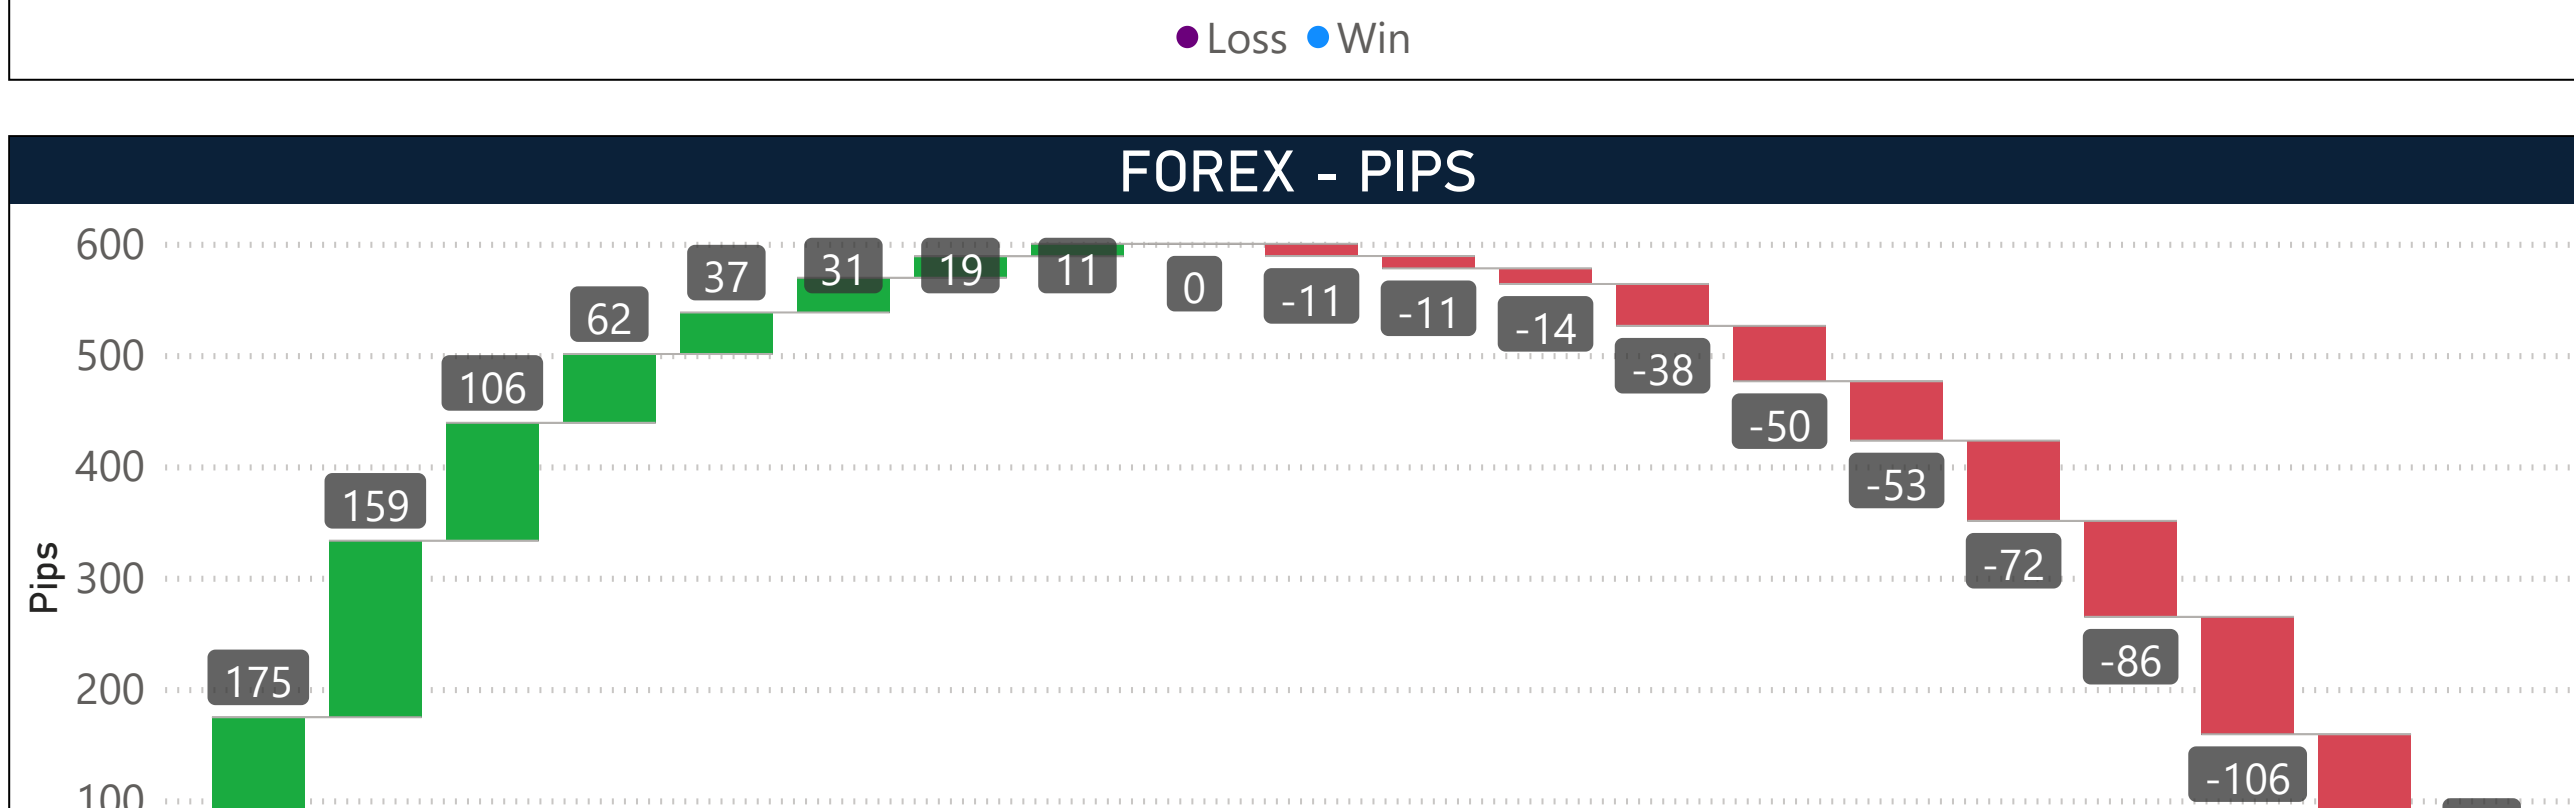

2021 est bien parti. Nous sommes impatients de vous proposer des signaux et des cours de qualité supérieure pour le reste de l'année.

Sincèrement,
Trade Doctors
